REQUEST FOR COUNCIL ACTION

To:

Honorable Mayor and City Council

From: Date:

Aaron S. Reeves, City Administrator

November 8, 2018

ITEM DESCRIPTION:

2019 Final Budget Review

Proposed Action

Discuss some items in the proposed 2019 budget.

Background/Overview

Staff is currently reviewing the proposed 2019 budget and making some final updates based on current year to date expenditures and other minor changes. The updated final budget will be reviewed by the Council at the November 20th Work Session. There are some specific items that the Council will need to discuss at this Work Session. These are:

Cloquet HRA funding request - At this time I do not support their request for funding in 2019 or for levy authority in future years. My reasons are as follows:

- Their 2017 audit shows their operations are not running at a deficit (\$37,169 Public Housing, \$1,867 Section 8, \$1,200 Bridges).
- They have a one-time legal fee of \$10,000 and a new Administrative Management fee of \$11,631.47 in their 2019 Section 8 budget. If these are eliminated they will have a projected \$12,544.58 deficit for Section 8 in 2019.
- They can use either their new \$72,241 White Pine Project Administrative Fee or their \$40,860 in reserves to help cover this deficit while they either look at budget cutting options or other program funding sources.

I feel that they HRA should be looking at budget reduction options or other funding sources prior to coming to the City for levy dollars or to request the authority to levy in the future. The HRA Director will be at the Work Session to discuss their request.

Cable Television Reorganization – After a review of the Cable Television Department I am making a number of changes to bring in line the funds expenditures with its revenues and to better reflect the amount of work required to operate CAT7. Currently the City receives roughly \$103,000/year in Cable Franchise Fees. The Cable Television Fund has an overall expenditure budget of \$154,150 with personnel services making up \$111,700 of the total budget. This is clearly not sustainable and Enterprise Funds should not be subsidized with levy dollars. Please note that the changes being made will not impact any of the current activities of CAT7 nor will they reduce the CAT7 programming.

- The full-time Cable Coordinator position will be reduced to 20 hours per week.
- A review will be done of the existing part-time staffing which may include reducing the number of part-time staff or reducing the number of hours worked by part-time staff.

- The CAT7 operations will be moved from the high school to the new City Hall/PD facility. We will no longer have studio space but any live programing can be done from the Council chambers. The High School will then make use of our old space to increase their student's opportunities for multimedia development.

Making these changes will bring the Cable Television Fund expenditures into line with its revenues while also allowing for the City to set aside some of the revenues for future technology upgrades to assist in increasing our transparency to the public. These will include live streaming of meetings on the internet and the televising of more City meetings (EDA, Planning Commission, etc.). These changes will go into effect January 1st.

Franchise Fees – The City Council has expressed interest in reviewing Franchise Fees for electric and natural gas services. If implemented these fees would go into our street utility fund to assist in funding future street projects. Please note that Franchise Fees are simply a pass through to the rate payers, if the City was to adopt Franchise Fees the amount would be added to the users bill each month, not paid by the utility. There are various options for Franchise Fees but I would recommend the flat rate option of charging each residential or commercial/industrial user a flat amount each month. These amounts generally vary from \$1-\$3 for residential and \$2-\$5 for commercial/industrial. I have requested exact account data from our utility providers but a ball park estimate of annual revenues if we were to implement franchise fees on both our electric and gas providers would be \$160,000 - \$470,000 depending on the per account amount chosen. We will discuss in more detail at the meeting.

2019 Budget Items Removed for Further Consideration – See attached update on these items. We will discuss further at the meeting.

2019 BUDGET ITEMS REMOVED FOR COUNCIL CONSIDERATION **UPDATE**

years. - Waiting for possible State Grant.

West End Parking Lot -\$200,000 - On hold pending Sales Tax Legislation Change.

Pickle Ball Courts -\$40,000 – Approved already to be paid with Park Dedication Funds.

Baseball Field Scoreboards -\$50,000 - Need Council direction.

\$25,000 – On hold, possibility to be funded from Police Forfeiture Funds Police Side by Side ATV -

in the future.

\$20,070 - Need Council direction. CGMC Membership -

\$35,000 - I recommend not funding at this time. Cloquet HRA Funding -

Veteran's Park Electrical -\$39,00 - Need Council direction.

*Note that the City has \$100,000 in one-time funding from the close out of Business Park Bonds and past TIF Administration Fees that could be used for the above projects except CGMC Membership, that is an ongoing expense that would need to be funded from the General Fund.

CLOQUET/CARLTON HOUSING & REDEVELOPMENT AUTHORITY

950 14th Street - Cloquet, MN 55720

DATE: July 9, 2018

TO: Cloquet City Council

FROM: Debra A. Shaff, Executive Director

RE: Special Request for Additional Funds

The Section 8/HCV program serves the most vulnerable citizens of Carlton County helping to keep them off the streets, out of the legal system, maintain employment and keep children in school and with their families. The program works closely with other local human service agencies to accomplish this goal which lessons the burden for everyone.

The Section 8/HCV program must secure an additional income stream to support this objective. The Cloquet Housing & Redevelopment Authority is seeking support for the City of Cloquet for its Section 8/HCV program. The program manages an average of 112 vouchers per month. Sixteen percent of these vouchers are used outside the City of Cloquet. The administrative value determined by HUD is \$65.04 and is currently being pro-rated at 76% or \$49.43; a gap of \$15.61 per voucher.

For the past 12 years the housing authority has adjusted its program needs to be able to function within HUD's fiscal parameters. Rising administrative costs have necessitated the need to secure additional funding in order to continue to provide housing subsidies throughout the City of Cloquet and Carlton County. The current economic benefit is \$498,132 in housing assistance payment plus an additional \$74,760 in administrative dollars — totaling \$572,892.

Monthly, HUD provides the Housing Authority with a HAP payment determined by a formula that considers past performance – the housing authority has no control over the local market condition so this number fluctuates. Administrative fees are typically static but continue to increase. The fees fluctuate based on the number of vouchers in use and unfortunately are pro-rated making the gap even more difficult to manage.

Administrative costs include:

- *Salary & Benefits paid to Section 8/HCV Coordinator
- *Travel allowance
- *Training
- *Routine office expenses
- *Contractual expenses including software, audits, accounting fees
- *Equipment costs
- *Administrative management fees currently not being funded
- *Legal Fees currently not being funded anticipated need in 2019 is \$10,000

Debra@cloquetcarltonhra.org

Phone:218-879-3353 Fax: 218-879-1437

Alternatives being considered to help alleviate this gap

*Seek outside income from other entities:

*City and or County

*Secure a tax levy from the City

*Pursue additional management/inspection agreements with other for-profit rental properties

*Reduce coordinators hours

*Reduce coordinators wages and benefits

The Cloquet Housing Authority is respectfully requesting support from the City of Cloquet in the amount of \$35,000 and support for a special tax levy in the future.

Please do not hesitate to contact me if you have further question or concerns. I would welcome the opportunity to present our needs to you at a future council meeting or work session.

Thank you in advance.

Housing Choice Voucher Program CY 2018 Portability Administrative Fee Rates

Effective January 1, 2018, effective until further notification from HUD, receiving PHAs must calculate the fee to apply to portable vouchers using the steps that follow:

Step 1: Use the lower of either 80% of the initial or 100% of the receiving PHAs column B rate for CY 2018; and

Step 2: Then, multiply the rate selected in step 1, above, by the estimated national proration factor.

The estimated national proration factor, from January through June 2018, is 76%.

The proration factor will change at least twice throughout the year, so please set this page in your "Favorites" for easy access, as this page will be updated accordingly. Additionally, HUD will send an alert via email to all PHAs every time the factor changes for your convenience. Note that changes may occur due to leasing trend changes, or incremental funding from carryover or recaptures reprogrammed to the administrative fee account.

The following table has an example of the calculation, based on a Column B rate of \$60.59 for the receiving PHA and \$42.05 for the initial PHA and assumes a proration at 76%; however, this proration is just an example, as the administrative fee proration is not yet known. HUD's recommendation is to apply the proration for billing purposes prospectively, considering the date your housing agency receives the change in proration announcement.

PHA A (initial PHA)	Column B Rate x Proration x 0.8				
	\$ 60.59 x 0.76 x 0.80 = \$36.84				
PHA B (receiving PHA)	Column B Rate x Proration x 1				
	\$ 42.05 x 0.76 x 1 = \$31.96				
Portability Fee Billing Rate = \$31.96					

Please note, these portability fee procedures also apply to the Mainstream 5 Year program.

Housing Choice Voucher Program CY 2017 Administrative Fee Rates

The file following this narrative provides the calendar year (CY) 2017 administrative fee rates for the Housing Choice Voucher (HCV) Program. For CY 2017, administrative fees will be paid on the basis of units leased as of the first day of each month. This data will be extracted from the Voucher Management System (VMS) at the close of each reporting cycle.

Two fee rates are provided for each public housing authority (PHA). The first rate, Column A, applies to the first 7200 unit months leased in CY 2017. The second rate, Column B, applies to all remaining unit months leased in CY 2017. In years prior to 2010, a Column C rate was also provided, which applied to all unit months leased in units owned by the PHA. For CY 2017 there are no Column C administrative fee rates. Fees for leasing PHA-owned units will be earned in the same manner and at the same Column A and Column B rates as for all other leasing.

In some cases, the fee rates calculated for CY 2017 resulted in rates lower than those provided for CY 2016. In those cases, the affected PHAs will continue to receive the CY 2016 rates.

The fee rates for each PHA are generally those rates covering the areas in which each PHA has the greatest proportion of its participants, based on Public Housing Information Center (PIC) data. In some cases, PHAs have participants in more than one fee area. The PHA may request that the Department establish a blended fee rate schedule that will consider proportionately all areas in which participants are located. Once a blended rate schedule is calculated, it will be used to determine the PHA's fee eligibility for all months of CY 2017. A PHA that received a blended fee rate for 2016 will not receive it automatically for 2017. Requests for blended fee rates must be submitted to the Financial Management Division at HUD Headquarters, instructions for applying and the deadline date for submitting requests will be detailed in the 2017 HCV funding implementation notice.

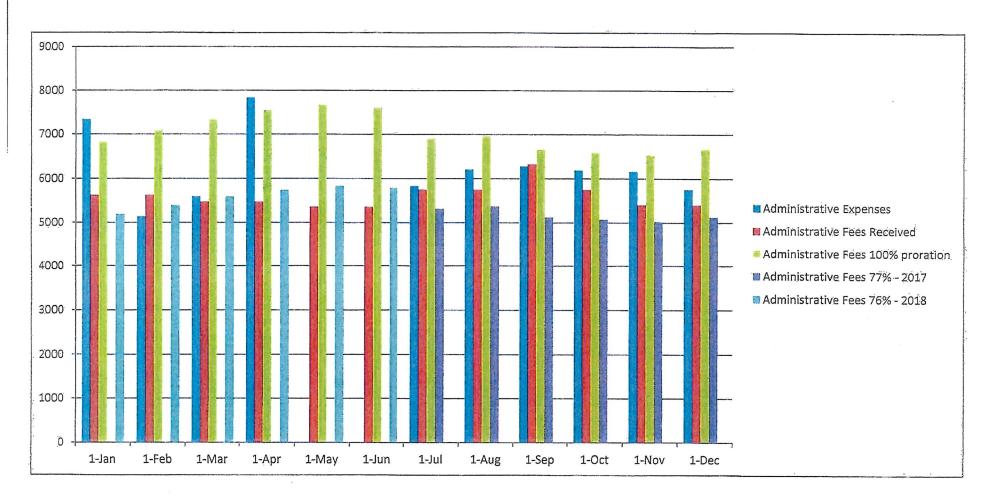

A PHA that operates over a large geographic area, defined as multiple counties, may request higher administrative fees. To request higher fees, the PHAs must submit specific financial documentation to the PHA's assigned Financial Analyst at the Financial Management Center (FMC), instructions for applying, documentation requirements and the deadline date for submitting requests will be detailed in the 2017 HCV funding implementation notice.

The Department is presently disbursing administrative fee funds monthly to each PHA. These disbursements are based on the most recent leasing data available, an estimated pro-ration, and one-twelfth of the available annual fee appropriation. PHAs should not assume that the fees actually earned for CY 2017 will match the funds disbursed each month. The Department will calculate each PHA's fee eligibility after the VMS data for each quarter is available. Each PHA's eligibility will be pro-rated if needed to ensure that fees granted do not exceed the appropriated funds available. If pro-rations are necessary, the same percentage will be applied to all PHAs. At the end of the CY, a final reconciliation will be completed, to account for any changes in VMS data and to establish a final proration level for the year. PHAs should be aware that the quarterly pro-ration factor is an estimated pro-ration factor; the final CY 2017 admin fee reconciliation will reflect a weighted pro-ration factor for the entire CY. PHAs should consider the most up-to-date proration factor included within the administrative fee reconciliation enclosure provided to each agency.

Effective with the new billing requirements implemented through publication of the final portability rule, receiving PHAs must calculate the <u>lesser of 80%</u> of the initial PHA's column B administrative fee rate (then prorated to the national proration level) or 100% of their own column B administrative fee rate (then prorated to the national proration level). The PHA may use a national proration rate of 77% for CY 2017 billings. It is important to note that going forward, although the national proration level will change, the "lesser of" calculation provided in the final portability rule will continue.

DRAFT

Bjerkness, Langley, Maki, Wyman, Mayor Hallback

Absent:

Kolodge, Rock

Reschedule November 6th Council Meeting

The November 6th Council meeting is rescheduled due to the General Election taking place that day. The meeting will be rescheduled for November 8th and will be in combination with the General Election Canvass to avoid holding 2 meetings.

Library Grant Discussion

Library Director Beth Sorensen was present to discuss the Resolution of Support needed to finalize the grant application to the MN Department of Education. If the grant is received, it would cover 50% of the project cost. Construction could possibly start in late 2019. This grant is being offered only to public libraries.

Ms. Sorensen reviewed the expansion site plan and the expenditure plan. Questions by councilors included justification for the expansion and other avenues of funding if the grant is not awarded.

The application will be submitted following Council approval of the Resolution of Support. Ms. Sorensen expects to hear a response from the Dept. of Education in January.

2019 Public Works Reorganization

Public Works Director Caleb Peterson explained the proposed reorganization of the Public Works Department in 2019. Mr. Peterson explained the extra duties the department has taken on over the years without adding staff. With the approaching retirement of the Street Supervisor, the goal is to form a long-term vision which can be implemented with the creation of an Assistant Public Works Director. Mr. Peterson will be asking for Council approval for internal posting of the new position and for the upcoming Street Supervisor vacancy at the regular meeting.

There being no further business, the meeting adjourned at 6:55 p.m.

Respectfully Submitted,

Aaron Reeves City Administrator Council Chambers, Cloquet, Minnesota 7:00 P.M. October 16, 2018

John Anderson, Assistant City Engineer

ITEM DESCRIPTION:

Set Public Hearing Date on Proposed 2019 Sewer Extension on

Washington Avenue

Proposed Action

Staff recommends the City Council move to adopt **RESOLUTION 18-77**, **SETTING A PUBLIC HEARING DATE ON THE PROPOSED 2019 SEWER EXTENSION ALONG WASHINGTON AVENUE FROM 14TH STREET TO 12TH STREET with a proposed hearing date of December 4, 2019.**

Background/Overview

Carlton County is scheduled to reconstruct Washington Avenue from TH 33 to 29th Street in Scanlon. The City has received a petition to extend sanitary sewer from 100% of the property owners of the area currently unserved by sanitary sewer along this corridor. This area is the south side of Washington Avenue between 14th Street and 12th Street and includes 4 properties. Currently, of the four properties, three have homes and one is vacant. As part of the City's 5-Year Capital Improvement Program (CIP) and approved budget, plans are proposed to extend sanitary sewer to serve these properties.

The Washington Avenue Project will also include a few maintenance items related to the existing sewer and water in this corridor including:

- replacing several fire hydrants
- extending sewer and water stubs to the right of way for structures that currently have no sewer or water service off existing mains
- abandoning a redundant section of watermain that currently provides no service and has a history of breaks
- repairing broken sanitary sewer pipe

The first step in the sewer extension process is to conduct a public hearing at which the results of a feasibility study will be presented and the benefiting property owners will have the opportunity to address the City Council on the matter. If so directed, staff will send out notices of the public hearing as well as hold an informal meeting with the benefiting properties prior to the public hearing.

To Mayor and Council Set Public Hearing, Washington Ave November 8, 2018 Page 2

Preliminary plans for the project have been prepared and in accordance with MN Statutes Chapter 429, the City Council is required to schedule and give notice of a Public Hearing on the proposed improvement. During this meeting, the Council will take formal public input to assist them in their decision as to how the City should proceed.

Policy Objectives

To respond to the petition submitted and advance proposed capital improvement projects but prior to approval, affected property owners shall be provided an opportunity to make comments about the proposed improvement in accordance with State Statutes.

Financial Impacts

The approved 2019 budget includes an estimated cost for this project of \$210,000. The sanitary sewer extension is estimated to be \$76,700 and would be funded 100% by the sanitary sewer fund with any assessed amounts collected credited back to the sanitary sewer fund. The preliminary engineer's estimate for the sanitary sewer extension portion of the project of \$76,700 is intended to be conservative as the design continues to progress.

A preliminary assessment role has been prepared in accordance with Chapter 12 of City Code. The preliminary assessment role is attached. Total assessment estimates are equal to \$38,350 or 50% of the total sewer extension project cost. Chapter 12 requires for sewer extensions that 100% of the cost is assessed to the benefiting properties. Since the properties on the north side of Washington Avenue are currently served with sanitary services from a direction other than the frontage along Washington Ave, the cost is not shared by both sides of the road. Considering the improvement only benefits the properties on the south side, staff's interpretation of the code is to require only 50% of the cost be assessed and the other 50% to be paid by the sanitary sewer fund.

Senior Center Site Lease Agreement Update

Proposed Action

Approve the Senior Center Site Lease Agreement as presented.

Background/Overview

The site lease agreement with the Cloquet Senior Citizens Club has not been updated since 2005. Due to declining revenues the Club can no longer afford to pay the \$300/month rent. The Club provides a valuable service to our area senior citizen's and have been excellent tenants of our facility. I recommend waiving the monthly rent and providing our facility free of charge to continue this valuable service to our senior citizens.

Police Department Supervisor Unionization

Proposed Action

Approve the "joint request" and "card check" options.

Background/Overview

Teamsters, Local 320 filed a Joint Request for Certification of Exclusive Representative with State of Minnesota, Bureau of Mediation Services (BMS) on October 18, 2018, in which it is requesting that BMS order that it be the exclusive representative (a.k.a., union) of "Police Chief and Command Staff excluding all other City employees."

BMS inquired whether the parties desired to have BMS determine whether Teamsters, Local 320 should be the exclusive representative through a mail ballot election or "card check." A union cannot represent employees in Minnesota's public sector unless and until a majority of employees approve such representation.

At the meeting in which this issue will be discussed, the City Council will consider and determine:

- 1. Whether it approves the "joint request" with Teamsters, Local 320 that it should represent the Police Chief and Commanders
- 2. Whether it approves a "card check" or a "mail ballot election" to determine whether a majority of the employees in the proposed bargaining unit approve being represented by Teamsters, Local 320.
