Section 4.5: Security Alarm Responses By Law Enforcement

4.5.01 Purpose. It has come to the attention of the City Council that it is becoming increasingly common for private citizens to install and utilize security alarm systems. As a direct result of the increased use of such systems, there has been a significant increase in the number of false alarms that have required local law enforcement response. The purpose of these provisions is to encourage alarm users and alarm companies to properly use and maintain such systems so as to reduce or eliminate false alarms which may unduly divert law enforcement resources from responding to their regular duties within the City and County. These provisions are intended to address the use of systems which directly or indirectly summon law enforcement response unnecessarily. These provisions further establish a system of fines and provides penalties for violators, and establishes a system for the administration of alleged violations.

Subd. 1. Definitions. In this section the following terms will take on the following meanings:

- A. **Security alarm system** means an alarm installation designed to be used for personal safety and/or the prevention or detection of burglary or robbery and which system is located in or around a building, structure or facility.
- B. **Alarm user** means any person, firm, partnership, association, corporation, company or organization of any kind who (which) uses or is in control of any security alarm system at an alarm site.
- C. **False alarm** means an alarm signal sent to a law enforcement authority requesting a response when a situation requiring a response does not exist. Examples of false alarms include, but are not limited to, circumstances which result by the activation of the alarm system through mechanical failure, pet movement, alarm malfunction, improper installation or the inadvertent activation by a user, owner or lessee of an alarm system or of his/her employees or agents. For purposes of this section false alarms do not include signals sent as a result of changing climatic conditions such as tornadoes, thunderstorms, utility line mishaps, or any other conditions which are clearly beyond the control of the alarm manufacturer, installer, owner or user.
- D. **Law enforcement authority** means the Cloquet Police Department, the Carlton County Sheriff's Department or other authorized enforcement agency, or their designated representatives which are notified to respond to the alarm signal.

Subd. 2. Reports of false alarms; notice to alarm user. The law enforcement authority shall file a written report with the Cloquet Chief of Police each time they respond to an alarm signal which they determine to be a false alarm. Each time such a report is filed with the Chief of Police, the Chief of Police shall notify the alarm user by certified mail of the false alarm incident and will provide the security system owner with a copy of the provisions of this section.

Subd. 3. User Fines; notice. An alarm user shall be subject to fines and warnings based strictly upon the number of false alarms emitted from the alarm system which are reported and filed with the Cloquet Chief of Police during a calendar year. Fines will be assessed as follows:

<u>Number of False Alarms</u>	<u>Fines</u>
1 - 3	\$ 0
4 - 6	\$ 50 per false alarm
7 or more	\$150 per false alarm

Upon receipt of a fourth and all subsequent false alarm reports, the City Administrator shall notify the alarm user by certified mail that the threshold number of false alarms has occurred and will provide written notice of the amount of the administrative fine due.

Subd. 4. Appeals Process. Any alarm user who is required by the City to pay a user fine as the result of a false alarm may make a written appeal of the false alarm charge to the City Administrator within ten (10) days of the City's mailing of the notice of false alarm. Notices received after ten (10) days are considered late and will not be considered. The City Administrator will review the appeal and determine whether the appellant is to be charged with a false alarm. Appeals from the final determination by the City Administrator will be governed by the City Administrative process providing for administrative hearings.

Subd. 5. Payment of fines. When and where due. Payment of administrative fines pursuant to this section must be made to the City Administrator's office within thirty (30) days of the receipt of the written notice from the City to the alarm user. Failure to pay the fine within said thirty (30) day period will cause the alarm user to be considered delinquent and the violator will be assessed a penalty for non-payment of a full ten (10) percent of the fine due in each instance.

A. **Delinquencies.** All delinquent charges for user fines may be certified by the City Administrator to the Carlton County Department of Property Taxation for collection with taxes due against the property on which the alarm system is installed. This certification process shall take place on a yearly basis on October 10th of each year or by such earlier date as is necessary to have the delinquent charges collectible with taxes due and payable against the property in the next calendar year.

Subd. 6. Alarm Report. When an alarm user has incurred five (5) false alarms or more within one calendar year, the alarm user shall submit a written report to the City Administrator within ten (10) days after being charged with the fifth false alarm, describing actions taken or to be taken to discover and eliminate the cause of the false alarms. Failure to submit the written report required by this section will also be considered a violation of this section consistent with subdivision 9 of this section.

Subd. 7. Administrative rules. The City Administrator is hereby authorized to promulgate such rules as may be necessary for the implementation of this section and the administration thereof.

Subd. 8. Confidentiality. All information submitted in compliance with this section shall be held in confidence and shall be deemed a confidential record exempt from discovery to the extent permitted by law. Subject to requirements of confidentiality, the City Administrator may develop and maintain statistics for the purpose of on-going alarm systems evaluation.

Subd. 9. Enforcement and penalties. Failure or omission to comply with this section shall be deemed a misdemeanor and may be so prosecuted.
(Ordinance 275A)

Section 4.6: Wrongful Interference With Public Officials

4.6.01. Wrongful Interference. No person shall intentionally do an act which he or she could reasonably expect to delay, obstruct, resist or interfere with or entice another to delay, obstruct, resist or interfere with any peace officer, emergency personnel or any other public official in discharging or attempting to discharge a duty of his or her office.

State law references: Obstructing legal process, arrest, or firefighting, Minn. Stats. §609.50

Section 4.7: Social Host Liability for Open House Parties, Events or Gatherings

4.7.01. Purpose. The Cloquet City Council intends to further its efforts to prevent the underage possession and consumption of alcoholic beverages regardless of whether or not such consumption or possession occurs within the confines of a private residence or on public or private property within the City limits. It is the express intent of the City Council to hold persons criminally responsible if that person hosts events or gatherings where persons under the age of twenty one (21) possess or consume alcohol regardless of whether the person hosting the event or gathering obtained or supplied the alcohol.

4.7.02. Findings. The City Council finds that:

- A. Events and gatherings held in private homes or on public or private property within the City limits where alcohol is possessed or consumed by persons under the age of twenty-one (21) are harmful to those persons and constitute a potential threat to the public health, safety and welfare warranting regulation and prevention.
- B. That prohibiting the underage consumption and possession of alcohol acts to protect underage persons as well as the general public from injuries and harm related to alcohol consumption.
- C. Alcohol is an addictive drug which, if used irresponsibly, could have drastic and dangerous effects on those affected by the actions of the irresponsible or minor user.
- D. That parties and gatherings involving underage consumption and consumption often occur outside the presence of parents and reliable adults which can lead to the irresponsible and excessive use of alcohol and access to the alcohol by minors.

4.7.03. Definitions. For purposes of this section the following definitions will apply unless the context or intent clearly requires a different meaning:

Alcohol or Alcoholic Beverage. Any beverage or liquid intended to be consumed as or with a beverage containing more than one half of one percent of alcohol by volume.

Control. The right of possession of a residence, property or premises.

Event, Party or Gathering. Any group of two or more persons who have assembled or gathered together for a social occasion or activity.

Person. Any individual, partnership, co-partnership, corporation, or any association of one or more individuals.

Residence or Premises. A home, apartment, condominium, hotel room, premises or other dwelling unit or meeting room or hall, whether occupied on a temporary basis or permanent basis, whether occupied as a dwelling or for a social function, owned, rented, leased or used and/or under the control of any person or persons with or without permission or compensation.

4.7.04 Prohibited Acts. No person having control or any residence or premises shall allow an open house party, gathering or event to take place at the residence or premises if any alcoholic beverage is possessed or consumed by any minor. It shall also be unlawful for a person to intentionally aid, advise, hire, counsel or conspire with another to commit a violation of this section.

A. Exceptions. This section does not apply to the following circumstances:

1. Consumption or possession of alcohol by an underage person when with his/her parent while present in the parent's household and no event or gathering is occurring; or

If the matter is not charged criminally or if there are extenuating circumstances warranting leniency, it may be treated as an administrative offense in the discretion of the prosecuting attorney with a financial penalty commensurate with that of a petty misdemeanor as then provided by Minnesota Statute.

Section 4.8: Designated Predatory Offender Residency Restrictions

4.8.01. Purpose. The Cloquet City Council intends to serve the city's compelling interest to promote, protect and improve the health, safety, and welfare of Cloquet citizens under this Section. It is the express intent of the City Council to further that interest by: creating areas around locations where children regularly congregate in concentrated numbers, within which certain predatory offenders are prohibited from establishing temporary or permanent residence; and, by mitigating the concentration of certain predatory offenders, as recommended by Minnesota Statutes § 244.052, Subd. 4a, by prohibiting certain predatory offenders from establishing temporary or permanent residence within close proximity to one another.

4.8.02. Findings. The City Council finds that repeat predatory offenders present a real threat to the public safety and especially to that of children. Certain predatory offenders are likely to use physical violence and present a high risk to repeat their offenses, and most such predatory offenders have committed many more offenses and have many more victims than are ever reported and prosecuted. This makes dealing with the danger posed to the public safety and especially that of children by those certain predatory offenders extremely important.

4.8.03. Definitions. For purposes of this section the following definitions will apply unless the context or intent clearly requires a different meaning:

Designated predatory offender. Any person who is required to register as a predatory offender under Minnesota Statutes § 243.166 and who has been categorized as a Level III predatory offender under Minnesota Statutes § 244.052, Subd. 3, a successor statute, or a similar statute from another state, in which that person's risk assessment indicates a high risk of reoffense.

Permanent residence. A place where a person abides, lodges, or resides for 14 or more consecutive days.

Temporary residence. A place where a person abides, lodges, or resides for a period of 14 or more days in the aggregate during any calendar year and which is not the person's permanent address or a place where the person routinely abides, lodges, or resides for a period of four or more consecutive or non-consecutive days in any month and which is not the person's permanent residence.

School. A public or nonpublic preschool, elementary or secondary school.

Licensed child care center. A group child care center currently licensed by the Carlton County, Minnesota, public health and human services department.

Public park/playground. A city-owned, improved outdoor area designed, equipped, and set aside for children's play and includes in that area such facilities as play equipment, surfacing, fencing, signs, internal pathways, internal land forms, vegetation and related structures.

4.8.04. Prohibited Acts.

A. **Prohibited location of residence.** It is unlawful for any designated predatory offender to establish a permanent residence or temporary residence within 1,000 feet of any of the following:

1. School;
2. Licensed child care center;
3. Public park/playground; or
4. The permanent or temporary residence of any other designated predatory offender.

B. **Measurement of distance.** For purposes of determining the minimum distance separation, the requirement shall be measured by following a straight line from the outer property line of the permanent residence or temporary residence to the nearest outer property line of the properties listed in Section 4.8.04.A. above.

C. **Exceptions.** This section does not apply under the following circumstances:

1. The designated predatory offender established the permanent residence or temporary residence and reported and registered the residence pursuant to Minnesota Statutes §§ 243.166 and 243.167, or a successor statute, prior to February 3, 2014;
2. The designated predatory offender was a minor when he/she committed the offense and was not convicted as an adult;
3. The designated predatory offender is a minor;
4. The designated predatory offender has demonstrated they no longer pose the same degree of risk to the community and have been granted a risk level reduction by the End of Confinement Review Committee, pursuant to Minnesota Statutes § 244.052, Subd. 3(i).
5. The school, licensed child care center or public playground within 1,000 feet of the person's permanent residence was opened after the designated predatory offender established the permanent residence or temporary residence and reported and registered the residence pursuant to Minnesota Statutes §§ 243.166 and 243.167, or a successor statute;
6. The residence is also the primary residence of the designated predatory offender's parents, grandparents, siblings or spouse, and was their residence prior to February 3, 2014;
7. The residence is a property purchased, leased, or contracted with and licensed by the Minnesota Department of Corrections prior to February 3, 2014.

4.8.05. Penalty. Any person who violates this section shall be punished according to the laws of the State of Minnesota. A violation of this Section shall constitute a misdemeanor. If the matter is not charged criminally or if there are extenuating circumstances warranting leniency, it may be treated as an administrative offense in the discretion of the prosecuting attorney, with a financial penalty commensurate with that of a petty misdemeanor as then provided by Minnesota Statute. Each day a person maintains a residence in violation of this ordinance constitutes a separate violation.

4.8.06. Severability. The provisions of this Section are severable and if any provision of this Section or application of any provision of this Section due to any circumstance is held invalid, the application of such provision to other circumstances and the remainder of this Section shall not be affected thereby.

Section 4.9: Regulation of Synthetic Drugs

4.9.01 Purpose. The purpose of this section is to prescribe the regulation of synthetic drugs and synthetic drug establishments to protect the general health, safety, and welfare of the City's residents.

4.9.02 Findings of the City Council. The City Council makes the following findings regarding the need to regulate synthetic drugs and the distribution and possession of synthetic drugs:

- A. The consumption of products labeled not for human consumption is a public health hazard, creates public nuisances, and results in an increased need for public safety services.
- B. The health hazards associated with the consumption of these products include headaches, agitation, nausea, vomiting, hallucinations, loss of consciousness, hypertension, tremors, seizures, psychosis, strokes, addiction, paranoid behavior, anxiety, increased heart rate, and even death.
- C. The manner in which synthetic drugs are marketed, manufactured, and sold is, purportedly, not currently regulated by the federal drug administration.
- D. Synthetic drugs were being sold as legal products without even the basic regulation and licensing requirements that many other businesses have within the City.
- E. Prohibiting the possession and sale of synthetic drug products will provide for better public health and safety.
